4.8. **NOT USED**

4.9. **Project Disruptions, Off-take constraints & Deemed generation**

4.9.1. Unavailability of Premises:

- 4.9.1.1. If, for reasons other than the SPG's breach of its obligations under this PPA and/ or RFP, SPG is not provided with the access to the Premises as necessary to operate and maintain the Project, such time period shall be not accounted towards calculation of CUF of the Solar project.
- 4.9.1.2. If, for reasons other than the SPG's breach of its obligations under this PPA and/ or RFP, energy generation from Project is hampered significantly or stopped, such time period shall be excluded from the calculation of CUF.
- 4.9.1.3. Period during which the grid is unavailable due to power cut or grid is unstable during generation hours and in turn leading to lower generation, such hours shall be excluded for the purpose of calculation of CUF.
- 4.9.1.4. Beneficiary shall continue to make all payments for the solar power during such period of Project disruption other than Article 4.9.1 at same Tariff as applicable for the period of Project disruption ("Disruption Period"). For the purpose of calculating solar power payments and lost revenue for such Disruption Period, Deemed Generation shall be considered for calculation of lost revenue or payment obligation of Beneficiary. Loss in revenue for the Disruption Period would be multiplication of PPA Tariff and difference in Deemed Generation and Actual Generation over such period. SPG shall inform about the disruption or outage in Project, for reasons attributable to Beneficiary in writing with date and time of such occurrence, and Beneficiary's liability shall start from the date of intimation of disruption or outage in the rooftop system, on account of Beneficiary.

#### 4.9.2. Roof repair and other Project disruptions:

4.9.2.1. In the event that (i) the Beneficiary repairs the Premises' roof for any reason not directly related to damage, if any, caused by the Project, and such repair requires the partial or complete temporary disassembly or movement of Project, or (ii) any act or omission of Beneficiary or Beneficiary's employees, affiliates, agents or subcontractors (collectively, a "Beneficiary Act") results in a disruption or outage in Project's power generation, and such events are attributable to Beneficiary except Force Majeure, then, in either case, Beneficiary shall: (a) Pay the SPG such amount of money as prudently determined and agreed by and between SPG and the Beneficiary for all work required by the SPG to disassemble or move or shifting the Project. The costing would be at mutually decided rate or latest Schedule of Rates (SOR) published by concerned DISCOM or any authorized agency, whichever is lower for similar works; and (b) Continue to make all payments for the solar power during such period of Project disruption at same Tariff as applicable for the period of Project disruption ("Disruption Period").

For the purpose of calculating solar power payments and lost revenue for such Disruption Period, Deemed Generation shall be considered for calculation of lost revenue or payment obligation of Beneficiary. Loss in revenue for the Disruption Period would be multiplication of PPA Tariff and difference in Deemed Generation for number of days such event occurs and Actual Generation. SPG shall inform about the disruption or outage in Project, for reasons attributable to Beneficiary in writing with date and time of such occurrence, and Beneficiary's liability shall start from the date of intimation of disruption or outage in system production, on account of Beneficiary.

4.9.2.2. If any structure within the Beneficiary's premise partially or wholly shades any part of the Project after the two (2) Months of COD, the SPG may apply for Deemed Generation furnishing the calculation for loss in revenue due to such shading supported by the relevant data, which shall be approved by Beneficiary within one month of submission, failing which the SPG shall claim provisional Deemed Generation till the issue is finally settled.

**Calculation for loss in revenue for the period** = (Deemed Generation X number of Days such event occurs - Actual generation) X PPA Tariff

4.9.2.3. The SPG is responsible for the waterproofing of the roof disturbed/ pierced for installation of Project for the O&M period of first three (3) Operational Years. However, Change in Law shall not include

- ii. any change in any withholding tax on income or dividends distributed to the shareholders of the SPG, or
- iii. any change on account of regulatory measures by the Appropriate Commission.

In the event a Change in Law results in any adverse financial loss/ gain to the SPG then, in order to ensure that the SPG is placed in the same financial position as it would have been had it not been for the occurrence of the Change in Law, the SPG/ Beneficiary shall be entitled to compensation by the other Party, as the case may be, subject to the condition that the quantum and mechanism of compensation payment shall be determined and shall be effective from such date as may be decided by the Appropriate Commission.

In the event of any decrease in the recurring/ nonrecurring expenditure by the SPG or any income to the SPG on account of any of the events as indicated above, the Nodal Agency (OREDA) shall communicate the revised tariff to both the SPG & Beneficiary.

#### 11.2. **Relief for Change in Law**

11.2.1. The aggrieved Party shall be required to approach the Nodal Agency (OREDA) for seeking approval of Change in Law.

11.2.2. The decision of the Nodal Agency (OREDA) to acknowledge a Change in Law and the date from which it will become effective, provide relief for the same, shall be final and governing on both the Parties. Principle that the purpose of compensating the Party affected by such Change in Law, is to restore through Monthly Bill payment, to the extent contemplated in this Article, the affected Party to the same economic position as if such Change in Law has not occurred.

Impact Variation due	Variation due to change in existing taxes/ duties or enactment of new law/ taxes/ duties	Proportionate adjustments to the tariff	Effective Timelines
Impact on Capital Cost (Adjustments will be considered only if the overall impact due to all Change in Law events would be more than the 2.5% of Normative Capital Cost {threshold})	± X%	± 0.8 X%	If the relevant changes are notified after Bid Deadline as per RFP and, (3) Months prior to the COD of the Project.

Impact on Operational Cost (Adjustments will be made only if the overall impact due to all Change in Law events would be more than 10% of O&M Cost {threshold})	$\pm Y\%$	$\pm 0.8 Y\%$	If the relevant change is notified after Bid Deadline as mentioned in RFP, adjustments in tariff shall be provided till the time such change is in force.
<b>Illustration:</b>			
<p>i. Say, there is a Change in Law event, which increase the duty on Inverter by 10%. Due to this event, the Capital Cost would increase by <math>9\% \times 10\% = 0.9\%</math>. Since it did not cross the threshold of 2.5%, no adjustment shall be provided.</p> <p>ii. Say, there are multiple Change in Law events which increase the duty on Solar Module by 10% and on inverter by 10%. Due to this, the Capital Cost would increase by <math>56.4\% \times 10\% + 9\% \times 10\% = 6.54\%</math>. Since this crosses the threshold of 2.5% for the Capital Cost, adjustment shall be provided for <math>6.54\% - 2.5\% = 4.04\%</math>. Proportionate adjustment in the tariff as per the formula given in the table shall be <math>0.8 \times 4.04\% = 3.232\%</math>. The revised tariff in this case shall be <math>\text{Tariff} \times (1 + 3.28\%)</math>.</p>			

In order to pass on the impact of Change in Law in the tariff quoted by the Successful Bidder, Nodal Agency (OREDA) shall consider the following distribution percentages of the Normative Capital Cost of the Project:

- i. Solar Module – 56.4%
  - a. Solar Cell – 60% of the Solar Module Cost
- ii. Inverter – 9%
- iii. BOS – 18.4%
- iv. Installation & Commissioning – 16.2%

The O&M cost shall be considered as 2.55% of the normative capital cost of the project. The RA L1 tariff would be adjusted as below based on the variations in the SPG's capital cost and operational cost on account of impact due to Change in Law event. Moreover, the adjustment shall be allowed only on the variation in Normative Capital Cost beyond the threshold specified in table below. Moreover, while calculating the impact, except for Solar Module and Solar Inverter, other components shall be considered to be procured locally (from India).

In a case where the impact due to Change in Law is not directly affecting the capital or operational cost of the project:

- i. Any additional charges for consuming the power from the Solar Power Plant or rejection into the grid, shall be directly borne by the Power Procurer.
  - ii. It is the responsibility of the SPG to intimate any change in the billing methodology and take consent for the same from the Nodal Agency in a timely manner.
- 11.2.3. In case of change in Normative Capital Cost due to Impact of Change in Law, revised Tariff shall be communicated by the Nodal Agency to the Beneficiary and the SPG within thirty (30) Days from the COD of the Project.
- 11.2.4. In case of change in Operational Cost due to Impact of Change in Law, revised Tariff shall be communicated by the Nodal Agency to the Beneficiary and the SPG within thirty (30) Days from the date of receipt of request from the Beneficiary or the SPG.
- 11.2.5. SPG shall be liable to bear the impact of Change in Law in case the impact on Normative Capital Cost due to such Change in Law coming into force or applicable after the SCOD. It is to clarify that, above statement is not considering the impact of Change in Law on Operational Cost.
