Addendum/Clarification to the e-tender Notice – 1315, dated 28.04.2023

Design, Engineering, Supply, Installation, Testing and Commissioning of 802 kW Solar power projects along with Comprehensive Maintenance for Five (5) years at Tehsil offices in Odisha.						
Clarification on queries raised during pre-bid meeting on 12/05/2023 NIT no: 1315 Dated 28/04/2023						
Sl. No.	Page no.	RFP/PPA clause no. and Description	Existing Clause	Clarification sought	Clarification issued by OREDA	Addendum
1	36	Technical Qualification Criteria for Group A: Applicability: page-36, Clause No. 4.3.1	“For Category A Bidders only The Bidder must have the experience of installing and commissioning RSPS of capacity 220 kW or in at least 60 Nos of govt buildings or any other establishment registered under the Society Registration Act, 1860 or The Indian Trust Act, 1882 in India during last five (5) years from the last date of online submission of the Technical Bid in India”	Request to please clarify whether these 220 KWp has to be only in Grid-Tied or both Grid-Tied and Off-Grid RSPS capacities can be considered?	Both experience of on-grid and off grid RSPS capacities of will be considered.	
2	36	Technical Qualification Criteria for Group A: Applicability: page-36, Clause No. 4.3.2	The Bidder must have a good track record of maintenance of the solar power plants installed for 5 years. The bidder must have properly maintained the solar PV systems installed and commissioned in the above 60 Nos of govt buildings or any other establishment registered under the Society Registration Act, 1860 or The Indian Trust Act, 1882. The average functionality rate as on the last date of submission of the bids must be more than 90%. In order to establish such functionality rate, the bidder must submit relevant information in the given format at 7.9	(a) No Format as 7.9 exists. (b) How the functionality rate is defined and what relevant documents are to be submitted?	Please refer to page no 125 for format for maintenance experience and formula for functionality	

Sl. No.	Page no.	RFP/PPA clause no. and Description	Existing Clause	Clarification sought	Clarification issued by OREDA	Addendum
3	27	BDS Clause Reference: ITB Clause 1.6.1.2 : page-27: Allocation of Projects	"The B1 to B2 bidders will be selected through draw of lots . In case a Bidder becomes the Successful Bidder after a draw of lots, then the Successful Bidder needs to accept the offer. At the end of the process, OREDA will select two (2) unique Category B Bidders for each package. "	Since there would be 2 distinct and unique Category B Bidders for each package, will there be 8 distinct Category B Bidders for all the 4 (four) packages put together. We would also suggest the same may please be considered so that as many as 8 local MSME Vendors could be benefited.	Yes your understanding is correct. 8 unique category B bidders will be selected for this tender	
4			The total cumulative capacity for Category A is of 220 kWp	As mentioned in the tender document there are 4 nos. of package for Category A. If repeated order as a proof of work experience can be used for every package.	Yes your understanding is correct. Vendors with minimum 220 kW can apply as category A bidder for each package	
5			EMD of 3% of the tender document is payable as per tender document. Whereas according to Rule 170 of GFR , local MSME registered firms are exempted the payments of Earnest Money Deposit (EMD).		Yes local MSME bidders are exempted from paying EMD. The local MSMEs who are not having the required technical and financial qualifications can participate as category B bidders and 20% of project capacity will be allocated to those bidders. No exemption is allowed to bidders interested in participating as category A bidder to provide parity to everyone.
