**Clarification/Corrigendum to consolidated queries/suggestions by participants in the pre-bid meeting**

A pre-bid meeting through VC and physical mode was held on 12:30 hrs of 11.07.2023 for e-tender notice no-2135, dated 04.07.2023 regarding Request for Proposal (RFP) for the selection of Solar Power Generator (SPG) for the development of RTS Projects on government buildings under RESCO model in Odisha. Considering the queries/suggestions received from the Bidders in the Pre-Bid Meeting, a consolidated clarification is hereby provided as per annexure-1.

All the prospective bidders are also advised to kindly keep referring [www.tenderwizard.com/OREDA](http://www.tenderwizard.com/OREDA) and [www.oredaorisha.com](http://www.oredaorisha.com) website for any updation before submission of their bids.

All other terms and conditions of the original tender document shall be remain same.

-Sd-

Chief Executive

## Annexure-I

## Clarification/Corrigendum to the pre-bid queries received for the e-tender notice no-2135, dated 04.07.2023

S.No.	Clause no	Page no	Tender Clause	Query	Clarification/Corrigendum Issued
NIT No	2135				
Dt	04-Jul-23				
1	4.3.i	30	The Bidder must have the experience of installing and Commissioning of Grid connected Solar PV System cumulative 1 MW Capacity in last Five (05) years from the last date of online submission of the Technical Bid anywhere in India. Bidder can show the experience of execution of the projects either individually or as a lead member of the JV.	It is a common and standard practice for Solar Power Developers (parent companies) to establish special purpose vehicle (SPV) companies to execute projects. Most State Nodal Agencies ("SNA") and other tendering agencies permit this approach in their tenders. In such cases, the technical experience is attributed to the SPV company, which holds true for most developers. Therefore, while participating in any tender, the parent company draws upon the experience of its associate/affiliate companies to meet the technical eligibility criteria. We kindly request you to allow bidders to use the technical strength of any of its affiliates.	The clause remains unchanged.
2	-	-		Upload data room and PPA	Tripartite Agreement (TPA) and data room is uploaded
3	-	-		Bifurcate the tender so that the eligibility requirements will be reduced proportionately.	Clause 1.5.x.1 OREDA has provisioned for an allocation of a maximum capacity of 4 MW (2 MW x 2) under this RFP. 4 MW is divided into 2 packages of 2x 2MW. The bidder might submit their quote for any of the 2 MW package OR for both 2 x 2MW Clause 1.5.x.2 The Successful Bidders will be awarded the TPA Tariffs equal to the tariffs discovered at the end of the E-Reverse Auction for each package of 2 MW.
4	-	-		Request to consider experience of both On-grid and off-grid solar projects for meeting the technical criteria	Experience of both On-grid and Off-grid solar projects shall be considered.
